GREG M

"I found Tanya's Unplanned Journey sensational, breathtaking, and out of this world. The separate journeys of her husband Phil, and herself were tear-evoking and very thought provoking."

KAREN L

"In late 2007, after losing my father to cancer, we found out that my sister had an aggressive cancer that also took her life only 5 months later. 5 months—the same period of time Tanya travelled that path with her husband Phil. I cried unashamedly through the recounting of that journey. I really felt their love for each other and the strength of Tanya's belief in God that helped her through. Thank you Tanya for sharing your struggles with your own grief and the recreation of yourself."

MAGIC TALK RADIO

"Tanya Unkovich is extraordinary. If you want change in your life, she's the one you want to see!"

SVETLANA

"I would highly recommend Tanya Unkovich to all who experience crises in their life or a difficult life transition, or to those who know that there is more to life, but don't quite know how to get there."

VERVE MAGAZINE

"“When Tanya says, ‘Make the worst day of your life into the best day of your life!’ these aren't the words of a half-glass full woman; these come from a ‘spilling over the brim, grab life by the throat, I'm going to make the absolute most of everyday’ kind of person.”"

DAVID

"Be prepared for lightbulb moments, uncanny coincidences, and challenging questions in a very supportive and non-judgemental environment. Tanya will take you out of your comfort zone; however, you will love her for it as this is where the real growth happens. Her value-for-money coaching has benefited me in many different areas of my life and will continue to do so as I further implement the strategies I've learned."

KYLA G

Dear Tanya,

I'm writing to tell you how much I enjoyed reading your book "Unplanned Journey". I came across it at our Bible Book Store shortly after my husband was diagnosed with Leukemia(AML). We are in our early 40's with 4 children ages 9 to 14. It's been a tough battle for us. Jim was diagnosed in early Feb. and has not been responding well to treatment. We are believers and our hope is in the Lord...we know that Jim will be healed in heaven if not on earth, but walking the path is so hard. I appreciated you sharing your emotions..it gave me permission to let mine out as well and not be afraid to feel. It's good to see how well you are doing! It gives me hope that things can look brighter for us again some day as well.

God Bless, Kyla
