## VERVE MAGAZINE

"When Tanya says, 'Make the worst day of your life into the best day of your life!' these aren't the words of a half-glass full woman; these come from a 'spilling over the brim, grab life by the throat, I'm going to make the absolute most of everyday' kind of person."

## DAVID

"Be prepared for lightbulb moments, uncanny coincidences, and challenging questions in a very supportive and non-judgemental environment. Tanya will take you out of your comfort zone; however, you will love her for it as this is where the real growth happens. Her value-for-money coaching has benefited me in many different areas of my life and will continue to do so as I further implement the strategies I've learned."

## GREG M

"I found Tanya's Unplanned Journey sensational, breathtaking, and out of this world. The separate journeys of her husband Phil, and herself were tear-evoking and very thought provoking."

## KAREN L

"In late 2007, after losing my father to cancer, we found out that my sister had an aggressive cancer that also took her life only 5 months later. 5 months—the same period of time Tanya travelled that path with her husband Phil. I cried unashamedly through the recounting of that journey. I really felt their love for each other and the strength of Tanya's belief in God that helped her through. Thank you Tanya for sharing your struggles with your own grief and the recreation of yourself."

## CAROL R.

"Tanya is an amazing coach and always seems to know the right question to ask or area to focus/work on. This is all done with love, kindness, compassion and confidentiality. It is never too late to invest in yourself and your one precious life.

I am pleased to have invested this time and committed myself to the programme."

I will be eternally grateful for Tanya, she has been my rock, my biggest supporter, and has challenged me every step of the way.

## MARK - SALES

Tanya is an outstanding communicator, both as a listener and provider. Her understanding of and focus on my needs was excellent.

Tanya is also truly compassionate and kind, as well as encouraging and appropriately demanding too. I would not hesitate to recommend Tanya as a results coach to anyone.
